## INDEMNITY & RELEASE FORM

Welcome to the Satellite Badminton Club. Due to the increasing application of the law to sport and recreation, the committee members of this club have embarked on a risk management strategy.

Whilst Badminton will be considered by most to be a low risk activity, there are inherent risks in participating in all sporting activities. The committee members of this social club, who are all active players, would like to inform you of some of the most likely potential hazards and the appropriate strategies to address these.

1. Participation carries the risk of injury. This includes new injuries and injuries related to, or resulting from pre-existing medical conditions. If you have a pre-existing medical condition or belong to a high-risk group, please consult a qualified medical practitioner before participating.
2. Whilst others are playing or hitting up, please do not walk on the court. To ensure your own safety, please **walk around the perimeter** of the court.
3. To avoid injury to yourself and other players, please ensure that your footwear, clothing, and racquet are in good condition and suitable for participation. It is advised that you conduct your own warm up and stretching exercises before play.
4. Eye injuries are uncommon through participating in this sport. However, there is the potential for eye injuries to occur. Please be advised to purchase and wear your own sporting safety glasses if you are concerned. These are available from most sporting retail outlets.
5. If as a player you become aware of any water or hazardous substances on the court, prior to or during play, the committee members feel that it is the responsibility of the player(s) to remove the hazard or to clean the surface area. It is strongly advised that broken feathers from shuttlecocks be removed from the court playing surface.
6. If you identify any hazards whilst observing or playing, please report these to the committee. As a player, you also have a **responsibility to ensure your own safety** and that of others.
7. You are advised that the Satellite Badminton Club does not provide personal accident insurance for players or spectators. The City of Stirling (Jim Satchell Community Recreation Centre) has informed this social sporting club that they will not be held liable for personal injury, loss or damage of personal items.
8. **All members, players, and spectators entering and/or participating, do so at their own risk.**

\*(To be completed by PARENT or GUARDIAN if under 18)

**Declaration:** I have read and understood the above information and I am prepared to play Badminton at the Satellite Badminton Club at my own risk. In doing so, I release and indemnify the Satellite Badminton Club, its participants, and spectators against all liability for all injury, loss or damage arising out of my participation in the club's activities.

The Satellite Badminton Club is a not-for-profit social badminton club. The committee members are social badminton players of this club who were elected by the club's social players in order to facilitate play, open and close the premises, and pay the accounts associated with running this activity. Thank you for your support and cooperation.
